Cigar Band Style Rings: Guide

Please print out to see actual sizes of rings (viewing on your screen / monitor is NOT representative of actual size)
Be sure the document is printed at **Actual Size or 100%** and not modified in any way.
Once printed please check the line opposite with a ruler:
Line **MUST** measure 50mm (2") otherwise it will not be representative of size.

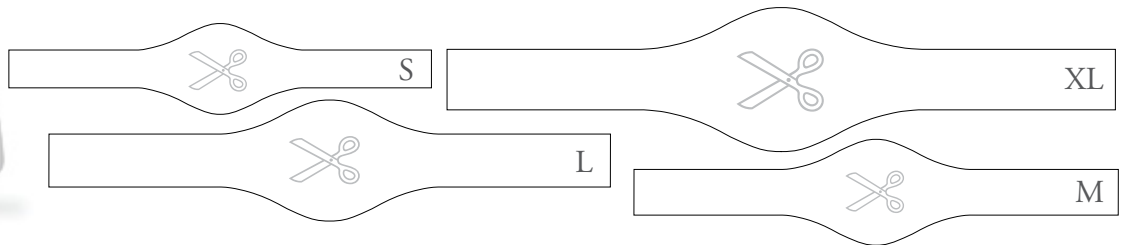

Tips: When cutting out your cigar band, try and cut as close as possible to the outside of the line
Simply overlap the paper at the back - your cigar will be made to fit you
We can provide a finger gauge if you do not know your size
